

Dear Parents,

At SVPV, we remain committed to standing by every member of our community through these unprecedented times. We are committed to our parent community, and most importantly, we are committed to our learners and doing what is in their best interest, always. We stand by our academic and administrative staff and are committed to ensuring their job security and paying their salaries on time. We are committed to standing by our partners, be it our partners for co-curricular and value adds, to the best of our ability.

We have equipped our educators and learners with a combination of effective learning platforms, resources and tools, and will continue to do so, as the Learning in this new academic year is most likely to be a blend of virtual and physical mediums. Given the circumstances, we have aligned the learning with blended online options, such as GOOGLE CLASSROOM and GOOGLE MEET. Our teachers are preparing e-worksheets and Videos, and regularly posting them in virtual classrooms for our learners for offline learning. While these will involve investments beyond those budgeted for, the management is fully committed to meeting all additional requirements and making all our learning engagements truly enriching.

In all of this, we fully understand that our parent community is also experiencing unanticipated situations. We would like to extend our fullest support in the following manner:

- There will be no increment in fees for the entire academic year 2020-21. The grade-wise fee slabs that were applicable in AY 2019-20 will continue to apply grade-wise in this new academic year with zero increment.
- Fees can be paid on monthly basis, for the academic year 2020-21.
- Term Fees will be subsumed into Tuition Fees, so that you will have one flat figure to be paid every month.
- We will extend **20% Concession** in Monthly School Fees from 1st June 2020, until the school reopens. The concession can be availed under following terms :
 - o A particular month's fees must be paid no later than the last day of that month, to avail the 20% concession for that particular Month. For example...
 - Fees for the month of June must be paid on or before 30th June to avail the 20% concession for June Fees.
 - Fees for the month of July must be paid on or before 31st July to avail the 20% concession for July Fees.
 - And so on.

- As a special case, concession for the month of June'2020 can be availed till 8th July'2020.
- Due to uncertainty over school reopening dates, currently, we are extending 20% concession for the Month of June'20 and July'20.
- 20% Concession will lapse if fees are not paid within stipulated timeframe, as mentioned above.
- 20% Concession approximately works out to an amount equivalent to Term Fees, Worksheets Fees and Miscellaneous Fees, paid last year. Hence, effectively, you will be paying only Tuition fees, until school reopens.
- We are constantly monitoring the situation and shall further review our decision for extending concession for the subsequent months, based on announcements by the Government in near future, regarding reopening dates for each standard.
- We will not be collecting payments for ancillary services such as bus service, until we have more clarity on when schools will reopen, and when learners will be able to avail these services.
- Fees Counter is open from 9am till 1pm.
- Online Fees payment facility through our website will be available soon.

These are trying times for everyone, and we take great pride in the fact that every stakeholder at SVPV has always been committed to serving and protecting the best interests of each child. We must come together as a community yet again, to ensure that our children emerge out of this situation stronger and more resilient than ever before. As we move towards a new normal, we choose to be optimistic and excited about the positive changes this situation can bring in its wake – an increased focus on developing student community and independent learning, using technology more than ever before to develop challenging and engaging lessons, redefining programme enrichment to ensure that a learner derives the maximum out of it, are just some of the various aspects our Core Team is working tirelessly towards.

We look forward to your support as we take on this exciting new journey.

Wishing you a happy learning for your child.

Stay safe and stay healthy.

Warm Regards,

SVPV Team

SVPV, Mira Road
